Judicial District of Montréal – 1791-1807 - BAnQ Vieux-Montréal #CC601 - Guardianship (Tutelle) & Curatorship - Trusteeship (Curatelle) – The above database at BAnQ Montréal contains **22,879 individual dossiers** referred to as *entrées*, the latter which offers family lineage researchers a unique tool in order to trace one's ancestor. Said database of guardianship and trusteeship (curatorship) covers the period from 1791 to 1807 within the Judicial District of Montréal. Within this short period one can find the family name and given name of the appointed guardian the name of the orphan (referred to as *pupille* or as *personne interdite* within said above database) – Fortunately, this above data base is only one among

three databases addressing Tutelles and Curatelles within the Greater Montreal Region, all filed away under the Cote (Shelf #) CC601 with 321.16 linear meters of documents recorded between 1658 and 1975. It does appear that the majority of dossiers addressing Tutelles and Curatelles (Guardianship and Curatorship (Trusteeship) within above time period have survived – Online search by name of individuals - See the following URL and fill out the research tool:
